

YOUR PARTNER IN CENTRAL EAST EUROPE

PRODUCTS & SERVICES

Acesulfame-K (ACE-K)	Catalysts for PU
Acetone	Ceresine
Active pharmaceutical ingredients (APIs), tailor made & sourcing	Cheese coating waxes
Additives, for PU	Chlorinated paraffins
Adhesives	Citric acid, monohydrate & anhydride
Adhesives, aliphatic	Citrus terpenes
Adhesives, solventbased & solventless	Cleaner concentrates & -additives
Adhesives, UV-curing	Cleaners
Adipic acid	Coating waxes
Algae, processed (for facial and body products: powder, cream and fucose)	Cold seal adhesives
Aluminium pigments	Colophony (Gum Rosin)
Antifoaming agents	Colorpastes
Antioxidants, for latex	Conversion Coatings
Antistatic agents	Co-polyester resins, saturated
Antitack agents, for latex	Cyclamate
Aspartame	Cyclohexanone
Automatic mixing units	Deoxidizers & Etchants
Automotive adhesives	Depainters
Bees waxes	Dibasic ester
Benzoic acid	Dibutylether
Bisabolol, alpha-	Diethyl phthalate (DEP)
Bronze pigments	Diethylene glycol (DEG)
Butandiol, 1,4- (BDO)	Diisobutyl ketone (DIBK)
Butanol, 1- (n-Butanol)	Diisobutyl phthalate (DIBP)
Butanol, 2- (sec-Butanol)	Diisodecyl phthalate (DIDP)
Butylal	Diisononyl adipate (DINA)
Butylbenzoic acid, 4-tert- (PTBBS/PTBBA)	Diisononyl phthalat (DINP)
Butyldiglycol	Diocetyl adipate (DOA)
Calcium formate	Diocetyl phthalate (DOP)
Camphor	Diocetyl terephthalate - phthalate free (DOTP)
Candelilla wax	Dioxane, 1,4-
Candle colors, for dipped & through-colored candles	Dioxolane, 1,3-
Candle fats	Dipentaerythritol (Di-Penta)
Candle lacquers, solvent & hydro based	Dipentene
Carnauba wax	Dipping waxes
Castor oil	Distillates from plants
	Dry laminating adhesives

YOUR PARTNER IN CENTRAL EAST EUROPE

PRODUCTS & SERVICES

- Dyes, azo metal-complex, solvent & water based
- Dyes, for leather, solvent & water based
- Dyes, for wood, leather, glass and inks, solvent & water based
- Effect waxes
- Emulsifier packages for the formulation of coolants
- Enfleurage extracts
- Enzymes, for bioethanol manufacturing
- Enzymes, for carbohydrate processing
- Epoxy prepolymers, elastomer modified
- Epoxydized soya bean oil (ESBO)
- Erythritol
- Erythritol-Stevia blends
- Essential oils
- Essential oils, blends
- Ethyl acetate (PU quality)
- Ethylal
- Ethylhexanol, 2- (2-EH)
- Extractes, enfleurage
- Extractes, liposome from leaves
- Extractes, liquid ethanol, glycerin, hydroglycolic, water based
- Extractes, oily
- Extractes, powdered
- Fatty acids
- Fatty alcohols
- Fine chemicals, tailor made & sourcing
- Fischer-Tropsch waxes
- Fixed oils
- Flame retardants, for epoxy resins & rigid PU
- Flavours
- Fluorescent pigments
- Fragrances
- Fragrances, for scented candles
- Fructose, GMO-free
- Fumaric acid
- Gloss lacquers, for flexible packaging
- Glycerin, pharmaceutical grade
- Glycerin
- Gum rosin (Colophony)
- Gum turpentine
- Hard paraffin waxes
- Heatseal coating waxes
- Heatseal lacquers
- Hexahydrophthalic anhydride (HHPA/HHPA)
- Hexamine
- Himalaya Pink salt
- Homogenisers
- Hot melts
- Hydrogenated castor oil, HCO
- Hydroxystearic acid, 12- (12-HSA)
- Internal lubricants
- Isobutanol (IBA)
- Isobutyraldehyde
- Isophorone
- Isophthalic acid
- Isopropyl alcohol
- Jet Engine Cleaners
- Lacquers
- Lacquers UV-curing
- Lacquers, for candles
- Laminating adhesives, solvent less & solvent based
- Laminating waxes
- Laser marking masterbatches
- Lauric acid
- Lubricants (zinc soaps; zinc free; fatty acid derivatives & esters; silicone modified organic materials)
- Maleic anhydride (MA)
- Maltitol syrup, 50 % & 70%
- Maltitol, crystalline
- Maltodextrine
- Mandrel release agents
- Mannose, D-
- Masterbatches, for PVC party- & grave lights

YOUR PARTNER IN CENTRAL EAST EUROPE

PRODUCTS & SERVICES

- Masterbatches, polymer specific carriers
- Masterbatches, unique universal carrier
- Melamine
- Menthol
- Metal oxide preparations
- Metal processing, chemical products for surface treatment
- Metalworking additives
- Methyl ethyl ketoxime (MEKOX)
- Methylal
- Methylhexahydrophthalic anhydride (MHHPA)
- Methyltetrahydrophthalic anhydride (MTHPA)
- Microcrystalline waxes
- Mixing units, for 2-comp. adhesives & laquers
- Monoethylene glycol (MEG)
- Monopropylene glycol (MPG)
- Mould cleaning compounds
- Mould release agents, semi permanent;
water & solvent based
- Myristic acid
- Natural ingredients
- Neopentyl glycol (NPG)
- Octadecyl-3-(3,5-di-tert-butyl-4- hydroxyphenyl)propionate
- Oleic acid
- Omega-3 (ethyl esters & triglycerides)
- Orange oils
- Orange terpenes
- Organic intermediates, tailor made & sourcing
- Ozokerite
- Ozone protection waxes
- Paint removers, for metal surfaces
- Palmitic acid
- Paraffin wax emulsions
- Paraffin waxes, for mineral fibre, ceramic &
refractory ind., tarpaulins
- Paraffin waxes, for powder pressing, tea lights,
moulding, extrusion, container filling, over-dipping,
drawing, kneading
- Paraffin waxes, hard & soft
- Paraffin waxes, micro- & macrocrystalline
- Patinas & Special effects, for wood, solvent & water based
- Pentaerythritol tetrakis(3-(3,5-di-tert-butyl-4-
hydroxyphenyl)propionate
- Pentaerythritol, mono-
- Peptisers
- Petroleum jellies (vaseline), pharmaceutical grade
- Pharmaceutical project management & sourcing
- Phenolic resins
- Phthalic anhydride (PA)
- Phthalocyanine blue
- Pigment pastes, for wood, solvent & water based
- Pigments, aluminium & bronze
- Pigments, daylight fluorescent
- Pigments, UV reactive
- Pine oils
- Pinene, alpha- & beta-
- Plasticisers
- Polydextrose
- Polyester polyols
- Polyester resins, saturated
- Polyethylene glycol (PEG), different molecular weights
- Polyurethane adhesives
- Polyurethane hotmelts
- Pour Point Depressants
- Preservative, for NR-latex
- Primers, for flexible packaging
- Protein fractions, hydrolyzed from seeds
- Reaction adhesives
- Reclaiming agents
- Release agents
- Release agents (internal), for chipboard &
concrete manufacturing
- Relief & Ornamental waxes
- Reseal adhesives
- Resins - coating

YOUR PARTNER IN CENTRAL EAST EUROPE

PRODUCTS & SERVICES

- Resins - extrusion
- Resins - laminating
- Resins - modifying
- Rubber additives
- Seaweed, processed (for facial and body products: powder, cream and fucose)
- Seed butter
- Silicone stabilizers
- Silicones, amino fluids, emulsions for amino fluids, other organofunctional fluids, one & three fiber component fill systems
- Soft paraffin waxes
- Solventborne laminating adhesives
- Solventless laminating adhesives
- Solvents
- Stabilisers, for latex
- Stearic acid
- Stearin
- Stevia
- Styrene (monomer)
- Sucralose
- Sulfonates (sodium, barium, calcium, amine)
- Sulphur preparations, soluble & insoluble
- Super wetting agents
- Surface Conditioners and Sealers
- Surface treatment products
- Synthetic rubber adhesives
- Tackifiers
- Tea-light cups
- Terpenes, citrus & orange derived
- Terpinolene
- Tetrahydrophthalic anhydride (THPSA, THPA)
- Tinctures
- Titanium dioxide
- Triethyl orthoformate
- Trimellitic anhydride (TMA)
- Trimethylolpropane (TMP)
- Trioctyl trimellitate (TOTM)
- Triphenyl phosphite (TPP)
- Tris(2,4-di-tert-butylphenyl)phosphite
- UV curing adhesives
- UV curing lacquers
- Vaseline (petroleum jellies), pharmaceutical grade
- Vinyl toluene
- Viscosity index improvers
- Vulcanisation activators
- Wet laminating adhesives
- White oils, pharmaceutical grade
- Wick sustainers
- Wick waxes
- Wicks
- Wood tars, beech & birch & conifere & pine
- Wood liquid dyestuffs; pigment pastes; patinas; special effects
- Xylitol
- Xylose, D(+)-
- Yeast, for bioethanol manufacturing
- Yeast, for potable alcohol & wine manufacturing
- Zinc dust
