

YOUR PARTNER IN CENTRAL EASTERN EUROPE

ANTIMICROBIAL MASTERBATCHES for PLASTICS & POLYMERS

In our role as exclusive partner of international companies and groups we distribute chemical raw materials and (natural) ingredients from production plants all over the world.

If you have any questions, please do not hesitate to contact us.

Application in Plastic and Coatings

- ⇒ To prevent spread of microorganisms to humans and animals
- ⇒ To protect packaged products (eg. food) to achieve:
 - prevent microbial-induced spoilage
 - extend shelf-life
 - reduction of food preservatives
 - reduce food waste
- ⇒ To protect plastic from growth, discoloration and smell

Our Masterbatch Solutions for your Applications

- **Silver based** Antibacterial; food contact approved (FDA & EU); up to >300°C; transparent in low thickness, no effect on color; BPR registered; practically permanent action
- **Zinc based** Antimicrobial and antiviral; cost-effective; food contact approved (FDA); up to 240°C; transparent, negligible effect on color; BPR registered; practically permanent action
- **Sulfur based** Antifungal; first choice for WPC; up to 300°C; transparent, negligible effect on color; BPR registered
- **Novel Antiviral additive for disposable applications** Novel and unique development of TOSAF; antiviral & antibacterial; fast acting; cost-effective; transparent

WE EXPRESSLY DISCLAIMS ANY RESPONSIBILITY FOR THE SUITABILITY OF THE PRODUCTS FOR ANY SPECIFIC OR PARTICULAR PURPOSES INTENDED BY THE USER. Suggestions for the use and application of the products are given for information purposes only and without commitment. Such suggestions do not release user from testing the products as to their suitability for the intended processes and purposes. We do not assume any liability or risk involved in the use of this product as the conditions of use are beyond its control. The user of the product is solely responsible for compliance with all laws and regulations applying to the use of the product, including intellectual property rights of third parties .
